Certificate of Nursery Inspection

No. 353 Columbus, O., Aug. 16, 1921.

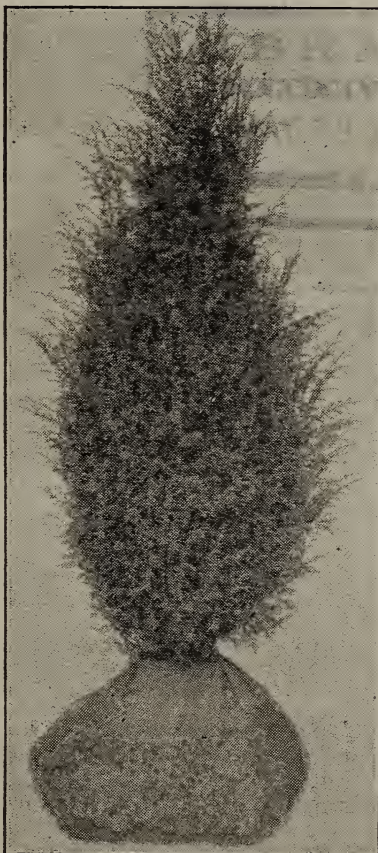

This is to certify, that the nursery stock grown by The Farmers Nursery Co., of Troy, County of Miami, State of Ohio, consisting of general nursery stock has been inspected by a duly authorized inspector, in compliance with Section 1126, General Code, and has been found apparently free from dangerously injurious insects and plant diseases.

Permission is hereby granted the above mentioned nursery firm to sell and ship nursery stock which has been inspected for the year ending September 15, 1922.

This certificate, granted under the provisions of Section 1135, General Code, is invalid after September 15, 1922, and may be revoked earlier for cause.

E. C. COTTON, Chief of Division.

L. J. TABER, Director of Agriculture.

PLEASE READ CAREFULLY

To those not acquainted with our establishment we would say that our nursery was established over fifty years ago (1864), incorporated in 1890 under the laws of the State of Ohio. We handle a complete assortment of Fruit and Ornamental Trees, Shrubs, Vines, Roses, etc. We have large and well equipped storage cellars and packing houses, giving us unsurpassed facilities for the prompt filling of orders.

SHIPPING FACILITIES.—We are located on the Big Four Railway, running East and West. The B. & O. Ry. passes within a mile of our place which gives us an outlet North and South. Also the Dayton and Troy traction and the Springfield, Troy and Piqua Traction pass through our city giving us hourly service between Piqua, Dayton and Springfield, and to those who are located on an electric line, with freight service, we can ship by freight over these lines, transferring at Dayton, Piqua and Springfield. The D. & T. has through service to Toledo, Ohio.

EXPRESS COMPANIES.—The American Railway Express gives us excellent service.

TERMS OF SALE

PRICES.—Prices given herein are for Fall, 1921, and supersede all previous lists and are subject to change without further notice. The articles in this list will be furnished 5 at 10 rates; 50 at 100 rates; 500 at 1000 rates. In no case will long lists or selected varieties be supplied less than 5 of a kind of either fruit or ornamental trees or plants, etc., at lowest rates. We will not book orders made up entirely of scarce varieties.

CAUTION.—We accept all orders on condition that they shall be void should injury befall stock from frost, fire, hailstorms or other causes over which we have no control.

GRADES.—We grade carefully to a uniform standard. When both are specified, caliper measure governs, but we are careful to see that stock is uniform throughout. Our rule is "When in doubt, put in the lower grade."

NOTICE.—When, in filling orders, we find that we are unable to supply the size ordered, we reserve the right to fill with the next lower or higher grade, unless otherwise instructed, and will charge the price listed for grade used.

CLAIMS.—All claims for errors and deductions must be made within six days after receipt of goods.

PACKING.—Prices contained herein are net, boxing and baling additional, for which we make charges to cover only the actual cost. Boxing and packing charges as follows:

30x30x12 feet.....	\$5.50	20x20x 6 feet.....	\$3.00
30x30x10 feet.....	5.00	18x18x10 feet.....	3.25

20x20x 8 feet.....	3.25	12x12x 8 feet.....	2.25

TERMS.—The usual terms to those of established credit. Cash or satisfactory reference required of unknown parties, before shipment of goods.

SHIPPING.—When ordering, please state how you wish goods shipped, whether by freight or express, also route. When no instructions are given we forward to the best of our judgment, but in no case will we assume responsibility after shipment is delivered in good order to the carriers.

NOTICE.—We have always tried to make ourselves clear in our printed terms that our goods are sold F. O. B. cars at the point of shipment and are at the purchaser's risk while in transit. Therefore on account of the unsettled conditions at present we wish to call still further emphasis to the fact that we do not guarantee safe delivery.

The ownership of all goods by us passes to the purchaser on delivery by us to the carrier and the issuing of a receipt by the carrier ends our responsibility. Any claims for damage should be made promptly to the agent at the point of delivery.

GUARANTEE.—Great care is exercised to have all trees, etc., true to name and we hold ourselves ready, upon proper proof, to replace all trees, etc., that may prove untrue to name, or refund the amount paid. But it is understood between the purchaser and ourselves that this guarantee shall in no case make us liable for a sum greater than the original price paid for the trees, etc., which prove untrue to name.

REFERENCES.—For those who do not know us we refer to any bank or business house in Troy, the Commercial Agencies and the leading nurserymen of the United States.

The Retinospora Filifera or Thread-Branched Japan Cypress is a unique plant of very showy habits. This plant is pyramidal in outline, the leading shoot growing upright, while the branches are horizontal with long, drooping tasseled ends. The foliage is a bright green and retains its color throughout the season the best of any of the Retinospora. If you have never used this plant in your work, we feel that you will not go wrong by trying out a few in your work this season. They are sure to please.

POTTED EVERGREENS

For Transplanting to Beds or Nursery Row.

To those who have used our potted plants in past seasons, these plants need no introduction but for the benefit of those not familiar, beg to advise that we put our cuttings in sand in the winter of 1920-21 where they were rooted. In June these were transferred to 2½-inch pots, where they were grown to produce the strong root system which makes our plants a success for our customers. These plants are now ready for fall transplanting and can ship when ordered, or if you prefer, will reserve the stock and ship next spring. If interested, will send you samples.
